SUMMONS.

IN THE DISTRICT COURT OF THE STATE of Nevada, in and for the county of Washoe. The State of Nevada sends to Ed Willard, a citizen of Nevada, and hereby requires him to appear in an action commenced against you as defendant, by Mary Elizabeth Willard, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons, (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within the time specified in the summons, or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover a divorce from the bonds of matrimony existing between you and plaintiff, and for the custody of your and her minor children, viz.: Albert P., aged 13, Mary T., 10, Robert P., 8, and George P., 3 years; on grounds alleged of your wilful desertion of her one year, of your habitual gross drunkenness contracted since marriage with her, incapacitating you from contributing your share to the support of her and your family, extreme cruelty on your part to her, and your neglect to provide the common necessities for her and your family, where such neglect was not the result of your duty on your part which you could not have avoided by ordinary industry, for one year and more; that you are harsh and of evil manners and example to your children, until to have custody of your children, and she is fit and proper to have the custody of them, and that she has resided six months and more before the commencement of this suit in Washoe county, State of Nevada, all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred. And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand this 6th day of July, 1888.

THOS. E. HAYDON,
Plaintiff's Attorney.

July 23-8w

NOTICE TO CONTRACTORS.

NOTICE IS HEREBY GIVEN THAT THE Masonic Hall Association, a corporation, will receive bids for fifteen days from date hereof, for the erection of a hall on lot seven, block A, in the town of Winnemucca, Nevada, in accordance with the plans and specifications on file in the office of the Secretary, at N. Levy & Co.'s store, Winnemucca, Nevada. Contractors to furnish everything except lumber. All bids to be in writing, sealed, marked "Bids," and addressed to the Secretary at his office, and accompanied with a certified check for the amount of \$500, as a guarantee of good faith of the bidder. Said checks to be returned on rejection of the bidder's bid and on the furnishing of the bond required from the successful bidder, which bond must be in at least two good and sufficient securities for the faithful performance of the contract, according to said plans and specifications, including to be laid out on or before the 1st day of December, 1888. The bids will be opened at the office of the Secretary at 10 o'clock A. M., August 16th, 1888. The contractor reserves the right to reject any or all bids.

J. H. McFILLAN,
President Masonic Hall Ass'n.
N. A. Levy, Secretary.
Dated August 2, 1888.

ASSESSMENT NOTICE.

WESTERN NEVADA GOLD AND SILVER Mining Company Principal place of business, Reno, Nevada. Local office, Washoe District, Washoe county, Nevada. Notice is hereby given that at a meeting of the Board of Trustees of the above entitled Western Nevada Gold and Silver Mining Company, held on the 27th day of July, A. D. 1888, an assessment (No. 3) of one (1) cent per share was levied upon each and every share of the capital stock of said Western Nevada Gold and Silver Mining Company. Said assessment is payable immediately to the Secretary of the company, at the office of the company, in Sunderland building, Room 1. All shares of said stock upon which the assessment is unpaid prior to the

27th day of August, A. D. 1888, will be deemed delinquent and will be advertised as such, and if not paid before the 27th day of September, A. D. 1888, will be sold, or as much thereof as may be necessary to pay said assessment, together with the cost of advertising and expenses of sale.

C. COLEMAN,
Secretary Western Nevada G. & S. M. Co.

NOTICE TO CREDITORS.

ESTATE OF CHARLES LUX, DECEASED.

NOTICE IS HEREBY GIVEN BY THE undersigned, Administrator with the will annexed of the estate of Charles Lux, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them, with the proper vouchers, within the time specified in the first publication of this notice, to the said administrator with the will annexed, at the office of the County Clerk of Washoe county, at the Court House, in Reno, the same being his place for the transaction of the business of the said estate.

C. H. E. HARTIN,

DAILY NEVADA STATE JOURNAL
C. O. Pawning Editor & Proprietor
THURSDAY..... AUGUST 9, 1893
NATIONAL
Republican Ticket.
FOR PRESIDENT,
BENJAMIN HARRISON
OF INDIANA.
FOR VICE-PRESIDENT
LEVI P. MORTON,
OF NEW YORK.

According to the estimates based on the recently issued directory of New York the population of that city is now 1,676,140, an increase of about 100,000 during the last year and of 470,000 since 1880. The rate of increase is not nearly so high as for Chicago, which has added nearly 300,000 to a population of about half a million since the Federal census. Brooklyn's rate of increase, which is estimated at 50 per cent. is also higher than that of New York, which, however, is third among American cities in this respect. The population of Brooklyn is now about 750,000. Adding the population of the New York suburbs in Westchester county and in New Jersey to that of the two cities the total population of the whole New York metropolitan district is close on 3,000,000. The increase in the population of New York and Brooklyn and the suburbs in New York State will probably give the latter Commonwealth a population of 7,000,000 in 1890, thus greatly increasing its political power and importance.

The New York Sun, evidently anticipating the defeat of Cleveland and the reconstruction of the Democratic party on new lines, has agreed on the following ticket for the contest four years hence:

1892
Democratic Nominations and Platform.
For President,
SAMUEL JACKSON RANDALL,
Of Pennsylvania.
For Vice President,
HENRY WOODRUF GRADY,
Of Georgia.
PLATFORM: Democracy.
What variety of Democracy will the Sun then shine on?

Editor Grady, of the Atlanta Constitution, referring to an unauthenticated rumor that Mr. Blaine was to be invited to visit the South, is kind enough to say: "I would be delighted to see Mr. Blaine, or any other American of equal distinction, brought to Georgia for the purpose of speaking to the people. Certainly Mr. Blaine is one of the foremost of living Americans. It is doubtful if any man since Henry Clay has so held the positive love of the large masses of the people as he."

The Elko Independent stops to draw its breath from its ardent support of Cleveland and remarks:

The people of Nevada are, or should be, more deeply interested in the welfare and prosperity of our agricultural and mineral interests, in the subject of irrigation and the means of reclaiming our vast area of desert lands, than in the election of a President of the United States, for the benefits which our people will derive from the election of this or that man to the Presidency is as nothing compared with this all-important question of irrigation.

Indiana will give Harrison a majority large enough to satisfy every doubting Republican that old Tippecanoe's grandson is not only personally but politically popular in the Hoosier State.

The Republicans will have the innings this year and the game will show a footing sufficiently large to land Harrison in the White House.

The Republicans of White Pine will hold their County Convention at Ely, Sept. 25th. The Democrats follow two days later.

Instead of the usual Republican majority of 30,000, Ohio will give 50,000 this Fall.

James G. Blaine will be the next U. S. Senator from Maine.

The Modoc Independent says:
Some six weeks ago a mare belonging to Clark & Patterson gave birth to twin colts—a horse and a mule. Mr. N. B. Rino, who was up to Jessa valley last week, tells us that he had the pleasure of seeing these wonderful freaks of nature. Both colts are alive and doing finely.

Mourning is going out of fashion in London. Oscar Wilde is authority for the statement that few wear it longer than six months for the nearest and dearest relation, excepting perhaps widows, and they not always. In fact, many never don it at all now, regarding the observance of such a law heathenish

TAKING A MOURNFUL FAREWELL.

Reasons Why Two Congressmen Want to Leave Public Life.

WASHINGTON, D. C., Aug. 3.—Two Congressmen who are going into private life of their own accord have been mourning a little. They are Senator Palmer, of Michigan, and Representative Long, of Massachusetts. Gov. Long has written a letter to the people of his district, in which, after explaining his reasons for drawing out, he says: "In taking this step I beg I shall not be misunderstood as in any way depreciating the dignity of a seat in Congress. It is a place for good, faithful work. Much of it is, indeed, in the line of looking after local and personal interests at the National Capital of 200,000 people, but it also rises to the high demands of State. However obnoxious their views may sometimes be to your judgement, this is substantially a body of good and true men, especially zealous to promote what they believe to be the interests of the constituencies they represent. They are certainly the servants of the people, and I appreciate the accuracy of that designation when I witness the unflinching alacrity with which they discharge the innumerable calls of their masters, and thus give a convincing illustration of the wisdom of basing tenure of office on good behavior." Gov. Long talked in the House this afternoon on the French spoils. Through the subject was a dry one he treated it with his usual classic eloquence. When he was through it was easy to see with how deep regret the members looked upon the popular Massachusetts Representative's determination to retire from political life. Senator Palmer in a newspaper interview some days ago told the people of Michigan why he did not care for more of public life. Since then he has talked freely of the trials of a Congressman's position. "No matter how just or upright a public man may be," said the Senator to a reporter, "he is always under some sort of suspicion of wrong-doing. Listen to the gossip and you will be led to think that every member of Congress is a thief and open to be bought or bribed. But public men are much better than they are believed to be. We hear a great deal about lobbying. The only lobbying I have ever seen done in Congress is legitimate and open. I have waited patiently these five years for somebody to approach me with a bribe or a threat or an improper request for legislation, but neither the one nor the has ever come. Then they talk about Senators buying their way to the Senate. I do not believe that more than six Senators can be named who have paid anything but legitimate and necessary expenses in order to secure election." Now Senator Palmer's fellow-Senators would like to know who the six are that he puts under the ban of suspicion.

DOOMED TO DEFEAT.

A Buffalo Editor Says Cleveland Can't Be Elected.

ASBURY PARK (N. Y.), Aug. 6.—Editor Butler, of the Buffalo News, who first suggested Cleveland for Governor and then President, is visiting here. He is resting after a tour of Western New York. He says that in his opinion Cleveland cannot be re-elected. The News, which ardently supported him in 1884, is against him now, and is doing valiant service for Harrison. Butler is of the opinion that New York will go Republican by an overwhelming majority.

Mechanics' Institute Fair Opened.

The twenty-third industrial exposition of the San Francisco Mechanics' Institute opened Tuesday afternoon with exercises at the Grand Opera House. President P. B. Cornwall of the Institute made the introductory address, reviewing the history of the Institute. Mayor Pond made a congratulatory address on behalf of the city. Several vocal and orchestral selections were rendered, after which Robert S. Moore, manager of the Risdon Iron Works, delivered an oration. The speaker enumerated the benefits derived from the successful toil of mechanics and wage workers in general, and especially of that prosperous State.

For Cleveland and Free Trade.

New York, August 6.—Henry George's followers to the number of 500 met in Cooper Union to-night. Resolutions were adopted endorsing tariff reform and the nomination of Grover Cleveland for President. Henry George eulogized President Cleveland's tariff message and declared it to be a vital step in the direction of the objects of the single tax theory.

Syrup of Figs

Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to cleanse the System when Bilious or Costive; to dispel Headaches, Cold and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Sold by Wm. Pinniger, Reno.

WOOL.

Reasons for the Prevailing Low Rates.

Coates Brothers, wool commission merchants, of Philadelphia, have issued the subjoined circular:

In response to the many requests for the reason why the value of wool throughout this country, should have continued to be low for so long a period, we state the following:

1st. The low values of competing foreign wools. For several years foreign markets have been very low, and therefore our domestic wools have had direct and severe competition, notwithstanding the ten cents duty.

2d. The low values of competing foreign goods consequent on cheap wool and cheap labor abroad.

3d. The low duties on worsted goods. The Tariff Act places worsted goods and yarns on a sliding scale, and the low prices ruling abroad permit higher grades to come in at lower duties than was supposed or intended when the Act was passed. The Treasury Department has declined to remedy the matter by classifying worsteds as woollens, which would give them better protection, and would be proper, because by improvements in machinery most of the worsteds are made of short and soft wools that were not formerly considered worsted wools.

4th. The rulings of the Treasury Department, by which, without change of the law, wool can be imported at but a fraction of the proper duty. The duty on clothing and combing wools is 10 cents per pound for unwashed, or 30 cents for scoured. The so-called French system of combing produces a ring of scoured wool that is permitted to be imported at 10 cents duty because it is called "King Waste," whereas it should pay the scoured wool duty of 30 cents, as it is equal in value to scoured wool, and is used for the same purposes with but slight manipulation. Thus it pays but one-third of the legitimate duty. Other descriptions of scoured wools are admitted at the same low rates, and it is known that so-called "tops," "roving," and "slubbing" (which are all scoured wools partially manufactured), are purposely broken and manipulated so as to be called "waste," and thereby, under present rulings, are imported at but one-third of the duty of scoured wool, while they are used in competition with our scoured wools.

5th. Wools are imported as carpet wools (at the low rate of 2 1/2 cents if under 12 cents value, and 5 cents duty if over 12 cents value), of which a large proportion are not used for carpets, and compete directly with many of our wools that are below the grades of fine and medium. It is estimated that probably nearly as much wool is imported which is used for better than carpet purposes, as all the other importations of wool that pay 10 cents duty. In 1892 the importations paying the 10-cent duty were about 28,000,000 pounds, while the importations at the low rate of carpet wools were about 30,000,000 pounds. If, therefore, but 30 per cent. of the latter were used for better purposes, this fact is proved. The exact proportions, of course, cannot be ascertained but it is unquestionably very large.

6th. Scoured wools being imported at duty of unwashed. The so-called clothing wools bear double duty when washed, and treble duty when scoured. The so-called carpet wools bear treble duty when scoured, but only single duty (2 1/2 or 5 cents according to value) when washed. Many carpet wools are imported in practically scoured condition, but the Treasury Department calls them "washed" although they have gone through a scouring process in large factories called "washeries," and they are admitted at the single duty of unwashed wool, and that duty at the low rate established on carpet grades. The Russian "Donkoi" wools and the East India wools are largely so imported, and all the better grades of the latter can be and are manufactured in all parts of this country, into yarns and goods.

7th. The effort to remove all duty from wool, as proposed by the President and carried out by the "Mills Bills."

THEY ACCEPT.

Letters From the Prohibition National Nominees.

CHICAGO, August 6.—The letters of acceptance of General Clinton B. Fisk, of New Jersey, and John A. Brooks, of Missouri, respectively candidates for President and Vice-President on the Prohibition National ticket, are published. General Fisk, in accepting the nomination, says: "Within a few years the temperance reform has altogether changed front. In the great conflict which has been and is yet waging, the temperance forces no longer face human appetite and habit alone; they oppose legislation, law, the purpose of political parties, the policy of State and nation. What the law creates the law alone can kill. A creature of the law is the saloon. The liquor traffic can die only at the law's hand or at the hand of the law's exponents. Conceived in avaricious iniquity, born of squalid legislative wedlock, the licensed saloon, this legalized liquor traffic bastard child of civilization, professing purity and virtue, must be strangled by the civilization which begot it, or that civilization must go forever branded with the scarlet letter of its own shame."

THEY ACCEPT.

Letters From the Prohibition National Nominees.

CHICAGO, August 6.—The letters of acceptance of General Clinton B. Fisk, of New Jersey, and John A. Brooks, of Missouri, respectively candidates for President and Vice-President on the Prohibition National ticket, are published. General Fisk, in accepting the nomination, says: "Within a few years the temperance reform has altogether changed front. In the great conflict which has been and is yet waging, the temperance forces no longer face human appetite and habit alone; they oppose legislation, law, the purpose of political parties, the policy of State and nation. What the law creates the law alone can kill. A creature of the law is the saloon. The liquor traffic can die only at the law's hand or at the hand of the law's exponents. Conceived in avaricious iniquity, born of squalid legislative wedlock, the licensed saloon, this legalized liquor traffic bastard child of civilization, professing purity and virtue, must be strangled by the civilization which begot it, or that civilization must go forever branded with the scarlet letter of its own shame."

Brooks, after gracefully accepting the nomination, discusses freely the platform of the two other parties and finds that the Prohibition platform is the best and the safest for him to stand on. He closes with a glowing tribute to woman, who have so long upheld the cause of prohibition.

The total increase in the assessed value of property in California for 1888 over 1887 is \$175,213,848.

NEW TO-DAY.

COUNTY COMMISSIONERS.

AT THE REGULAR MONTHLY SESSION of the Board of County Commissioners, held Monday, August 8, 1893, the following bills against the county were passed upon and allowed:

TOWN AND COUNTY.

BREVITIES

R. H. Lindsay went below last night on business.

The Essex folks drove a gang of tramps out of that place yesterday morning.

The White Pine News has been removed from Taylor to Ely, the county seat.

Reed, of the Signal Service Station at Carson, has been transferred to San Antonio, Texas.

The Fall races in California were begun Monday by the opening of the Los Angeles Fair.

Joel Wilson, formerly of Reno, is now in business at Santa Monica, Cal., and is doing splendidly.

D. Crittenden, the mining expert, came in on the V. & T. last night, en route to Colorado.

Rev. T. P. Bradshaw continues to slowly improve, and the JOURNAL hopes will soon be able to attend his duties.

Surveyor General Jones came down from Carson last night on his way out East for a vacation of a couple of weeks.

The section house near Verdi was burglarized night before last, but the burglars hardly got enough for their pains.

And still the aspirants for public office are backward in coming forward. Harry up, gentlemen; delays are dangerous.

George Watt, of Austin, well and favorably known through Eastern Nevada, is announced as a candidate for Treasurer of Lander county.

Nevada ought to make an exhibit at Columbus, Ohio, during the Grand Army reunion, and then transfer the exhibit to the Exposition at Cincinnati.

Prof. Cara, Tom Carnow and John Litty, of Virginia, were passengers for the Bay last night. They propose to paint the city red for the next two weeks.

Forest fires are raging near the Central Pacific track between Colfax and Cape Horn, which interfered with the working of the Western Union wires yesterday.

Lou Belmer met with a slight accident Tuesday evening which will lay him off work for several days. While stepping from one of Aitken's drays he sprained his ankle.

Ophir was 4 1/2 yesterday, Mexican was 2 5/8, Curry 2 4/10, Con. Va. 7 1/2. Chollar 2 1/10, Norcross 4 4/10, Point 3 3/10, Belcher 5 6/10, Seg. Belcher 3 1/10, Challenge 3 3/10, Alta 1 1/10.

Geo. Hymers left here Tuesday night for Plumas county with some Storey county officers, who came down from Virginia City in a rockaway, and are on the scent of some law breakers.

The Ashland Tidings announces that the contract for the new hotel at Ashland has been let to A. W. Scott, of Portland, for \$25,000. It is to be three stories in height and will be a credit to Ashland.

Sam Longabaugh, the wood man, managed to land 850 cords of wood at the Ophir mill, one mile south of Dayton. The balance of his drive is being taken out at Empire and at mills between. Much of it is stranded on the river banks.

FREE TIMBER FOR MINERS.—Senator Stewart offered an amendment to the Sundry Civil appropriation bill prohibiting the expenditure of any portion of the appropriation for the protection of timber on public lands, in prosecuting or investigating persons in the mining regions of Montana, Idaho, Nevada, Arizona and other Territories, who shall not for mining or domestic purposes, dwarfed or scrubby timber unfit to be hewed or sawed into lumber of commercial value. After an explanation of its object the amendment was adopted and there will be no more arrests of wood choppers in Nevada for cutting on the public domain such scrubby timber as grows in the mountains for fuel for mills and for domestic purposes.

AN ASTONISHED CELESTIAL.—The Austin Revelle says a Chinaman deposited some money in the bank Saturday, and in the pile was a \$50 Confederate shin-plaster. When the bill was rejected the Morgonien was so astonished that one could have knocked him down with a feather and not half tried. The Chinaman is now on the war-path to find out who the Confederates were, and what business they had to cheat him.

FIRE AT CARSON.—Four residences owned by Mrs. Laporte and a powder house were destroyed by fire in Carson yesterday afternoon. The powder in the powder house exploded before the people gathered, thus avoiding any loss of life.

FAIR NOTES.

Preparations for 1888.

Activity is now the order of the day at, and about, Agricultural Park. The race track is being harrowed and thoroughly overhauled, carts are employed in hauling material to fill up low places. The grand stand, stables and all buildings about the place are being put in first-class order. Water has been brought through the pipes, tanks filled, and the whole place is assuming a Fair-like appearance.

Our racing men are preparing for determined, though friendly contests for victory, and the managers of the Park are putting the grounds in fine order for their reception.

We are pleased to note that our farmers are preparing to make fine displays of their products, and we are looking for better exhibits this year than ever before. Stock raisers will be unusually well represented on the stock grounds.

Our mechanics will be in the field for prizes, and some rare workmanship may be expected. The mining people are preparing to make exhibits of ores and minerals of different kinds, showing to the world that we have not only the finest products of soil, but the richest mineral ores; that we cannot only produce all cereals, fruits and vegetables necessary to the use of man, but we can produce gold for all commercial purposes.

The ladies throughout the county are putting up jellies, jams, pickles and a great variety of articles which they so well know how to manipulate. Our young ladies are preparing to make rare displays of their own handiwork in the way of spreads, tidies, embroideries and articles of fancy work. Also our young misses will show to the world that they belong to the rising generation, and are progressive. They will display the rare art work in the way of paintings, drawings and embroidery.

We are glad the people throughout the State are feeling so much interest. They seem determined to put their shoulders to the wheel and make the Fair of 1888 a grand success.

ARMY CHANGES.

Possible Removals in Consequence of Sheridan's Death.

Much speculation is being indulged in at army headquarters about possible changes, consequent upon General Sheridan's death. Major-General Schofield, by virtue of his seniority, becomes commander of the army, and will doubtless remove from his present headquarters at New York to Washington. General Sheridan's rank, being a special one created by Act of Congress, dies with him, consequently there is no actual vacancy. Only three Major-Generals are called for by the regulations of the service and the death of General Howard, Miles or Schofield alone would create a vacancy. The only change at all probable is in the disposition of the various commands. General Schofield being in command leaves three divisions with only two Major-Generals in charge. Two methods of arranging the matter are open. One is to abolish the Central Division of the Missouri, thus making the Division of the Atlantic include all territory east of the Rocky Mountains. This has been suggested before and its adoption is not at all improbable, requiring only an order of the War Department. In this event, Major-General Howard would doubtless assume command of the more important division, so Major-General Crook would come here in command of the Division of the Pacific.

The other method of arranging affairs would be to allow the three divisions to remain as at present and put Major-General Howard at New York, Major-General Crook where he now is, at Chicago, and put Brigadier-General Miles in command of this division. In any event General Howard expects to be ordered from the Bay, and the many friends the General has made will learn with regret the probability of his departure.

At present the whole matter is in doubt and not even the best-informed have any idea what is going to take place.

PURSE FOR RIFLE TEAMS.

Suggestion that one be Contested for at the State Fair.

The Virginia Chronicle has been requested to suggest that a handsome prize be offered to the winning team in a rifle shooting contest to add to the attractions at the coming State Fair, open to all Pacific Slope teams. The sum offered should be ample to induce California teams to compete. A contest of that kind would largely increase the attendance on the date of the shooting.

The sum realized from the sale of tickets to visitors from this town and Carson alone would more than cover the amount of the purse—which should not be less than \$1,000. The suggestion is worthy the serious consideration of the State Fair directors.

Chas. Coleman is having the northwest corner of the Arcade soloon fitted up for a barber shop.

BURLESQUE STARS.

The Rentz-Santley Novelty Company at the Opera House This Evening.

Of the above company the Virginia Chronicle, of Tuesday evening, says:

The first appearance of the Rentz-Santley burlesque stars at the Opera House last night attracted a large attendance and the entertainment provided was eminently satisfactory—if continued applause and numerous encores express that sentiment.

Amazonian marches, fencing bouts, a baseball game, a tobogganing carnival and fancy dancing by a score of shapely young ladies, whose graces of figure were not concealed by superfluous drapery, comprised the first part of the attractive programme.

The second part included marvelous balancing feats, by Professor Lee; ballad singing, by Miss Lillian Markham, in a contralto voice of surprising depth and volume; song, dance and change acts by George Blake, the whole concluding with the burlesque "Adam and Eve" in which superb Ida Siddons introduced her famous skipping rope act and Sara the kisser in wonderful satulatory movements.

VOTE UNDERSTANDINGLY.

The annexed is from the San Francisco Call:

One of the surprising circumstances in American politics at this time is that workmen from Europe can be found who declare that they are going to vote for the free-trade candidate for President of the United States, for these men must realize that their wages before coming to this country were not over one-half or two-thirds of what they are now. It is well understood that the United States is the place above all others for workmen. It is admitted by every person pretending to ordinary intelligence that the United States is the place where a poor man can rise in the world—can obtain a comfortable living, and lay by something for his family and old age.

Those who have lived in Europe or have spent much time there realize that the ordinary laborer cannot earn much more than a mere support. Why is this the case? Simply because the wealth has passed into the hands of the few, and because the laws are made to favor the rich. Every effort of the wealthy and aristocratic classes is directed toward keeping the price of labor down, just as it was prior to the War of the Rebellion in the Southern States. In Europe the owners of large estates wish cheap labor in order to live in luxury. Manufacturers in Europe also urge that they must have cheap labor to be able to send their goods into other countries.

The middle class in the United States vote the persons into office who make our laws. If they vote for candidates who are inimical to the general interests it will be their mistake.

MR. CASSIDY WILL PLEASE ANSWER.

The Carson Appeal says: Some weeks ago Mr. Cassidy, Democratic nominee for Congress, told the editor of the Appeal that he was for protection. Willing to be fair to the gentleman the Appeal published this statement as something in Cassidy's favor.

Since then we have seen the printed report in the Congressional Record of the vote on the Morrison Bill, and lo! the name of Cassidy, of Nevada, is among the list of Democrats who voted for the bill.

The bill reduced the tariff on every thing 20 per cent., and placed some articles on the free list. It was a clean cut Free Trade bill, and after the vote Mr. Cassidy used some very strong language in expressing his disgust of those Democrats who "fell down and declined to vote for it."

This indicates to us that Mr. Cassidy is a Protectionist for this campaign only, and will be a Free Trader along with his party if he should succeed in being returned to Congress.

In fact, were he not a Free Trader in Congress he would be an off or with his party, and of little influence.

These are the reasons why Cassidy should not be sent to Congress. Bartine, when elected, will be a strong Protectionist, and in accord with a majority of Congress. Under these favorable circumstances he will be in a splendid position to help his own State.

ENORMOUS PRODUCTIVE CAPACITY OF THE UNITED STATES.—In the fifteen years from 1870 to 1885 our population increased 48 per cent., the production of grain 85 per cent., consumption of cotton 85 per cent., consumption of wool 88 per cent., production of iron 108 per cent., production of iron 143 per cent., and miles of railroad 168 per cent. Yet land in actual use at this time for growing maize, wheat, hay, oats and cotton embraces only 272,500 square miles—but a little more than the area of Texas. The cotton factories of the world consume annually 12,000,000 bales of cotton of American weight. Allowing one bale to the acre, the world's supply of cotton could be grown on less than 19,000 square miles, or 7 per cent. of the area of Texas. The imagination falters in the effort to conceive what our twenty-first census will show.—N. Y. Tribune.

NOTICE.—The undersigned having just received another invoice of furniture and receiving the same daily asks the public in general to call and examine his stock and prices. Single lounges from \$9.00 upward, bed lounges from \$10.00 upward, also bed-room suits from \$20 upward. J. A. ZIEGLER, Opposite Opera House.

The Only Perfect Remedy

For habitual constipation, dyspepsia and kindred ills is the famous California liquid fruit remedy, Syrup of Figs. It is easily taken, and perfectly harmless. Sold by Wm. Finkner, Reno.

The Silver State thinks the Mills bill is a g. and says:

That it is a difficult task to properly adjust competition between home and foreign products by a tariff, is well understood. The Mills bill, which is intended to achieve that purpose, has objectionable features, which are certain to be eliminated before it becomes a law, if it ever does. It is not fair, as it purports doing, to cripple or kill any industry which has been fostered by protection, by placing the product of that industry on the free list. There is not a man, Democrat or Republican, who is not an absolute free trader, that would sanction an Act of Congress placing sugar on the free list, and killing one of the great industries of Louisiana, and what is becoming a great industry in Kansas, yet that is what the Mills bill does with several articles, the revenue from which combined is not one-sixth of that derived from sugar. Had Mills treated the articles which he has placed on the free list, as fairly as he did iron and sugar, there would be no just cause for complaint against his bill, while as it is he has laid himself open to the charge of partiality, which is a serious one against a revenue reformer.

A WARNING.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Boche's German Syrup. It will give you immediate relief.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-aw 5-1v

When Baby was sick,
We gave her Castoria.
When she was a Child,
She cried for Castoria.
When she became Miss,
She clung to Castoria.
When she had Children,
She gave them Castoria.

This powder never varies. A marvel of purity, strength, and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, cheap or phosphate powder. Sold in 5 lb. cans.

ROYAL BAKING POWDER CO., NEW YORK.

Dissolution Notice.

THE CO-PARTNERSHIP HERETOFORE existing between the undersigned in the hotel business, under the firm name of Parry & Fitzgerald, is hereby dissolved. J. A. Fitzgerald, having sold his interest in the business and accounts to R. W. Parry, who is alone authorized to collect all moneys due the late firm and who assumes all debts thereof.

J. A. FITZGERALD, R. W. PARRY.

Reno, Nev., August 1, 1888.

PROPOSALS WANTED.

SEALED PROPOSALS WILL BE RECEIVED at the office of the Nevada State Agricultural Society for furnishing music (brass band not less than eight pieces) for the State Fair at Reno, September 17 to September 22, 1888. The Board reserves the right to reject any and all bids. All proposals must be presented on or before August 20, 1888. By order of the Board, C. H. STODDARD, Secretary.

Additional races will be made each day. Cluses made up from horses on the ground.

REMARKS AND CONDITIONS.
Nominations to stakes must be made to the Secretary on or before the 1st day of August, 1888. Entries for the purses must be made no later than the day preceding the race, at the regular time for closing entries as designated by the rules. Those who have nominated in stakes must name to the Secretary in writing which they will start the day before the race, at 6 P. M. Horses entered in purses can only be drawn by the consent of the judges.
All horses entered for District purses must be owned and kept in Nevada and California, east of the Sierra Nevada, for six months prior to day of race.
Entries to all trotting races will close August 20th, with the Secretary.
Five or more to enter and three or more to start in all races for purses.
National Trotting Association rules to govern trotting races. Pacific Coast Blood Stock Association rules to govern running races, except as above.
All trotting and pacing races are the best three in five, unless otherwise specified; five to enter and three to start. But the Board reserves the right to hold a less number than five to fill, by the withdrawal of a proportionate amount of the purse. Entrance fee, 10 per cent. on purse, to accompany nomination.
National Trotting Association rules to govern trotting; but the Board reserves the right to treat heads of any two classes alternately, if necessary to finish any day's racing, or to trot a special race. A horse making a walkover shall be entitled only to the entrance money paid in. When less than the required number of starters appear, they may contest for the entrance money, to be divided as follows, 60%, to the first and 35% to the second.
Horses that distance the field will only take first money.
In all the foregoing stakes the declarations are void unless accompanied by the money.
Please observe that, in the above stakes, declarations are permitted for a small forfeit.
In all races unless not declared out by 6 P. M. of the day preceding the race shall be required to start.
Where there is more than one entry by one person, or in one interest, the particular horse they are to start must be named by 6 P. M. of the day preceding the race. No added money paid for a walk-over.
Racing colors to be named in entries.
In trotting races drivers will be required to wear caps of distinct colors which must be named in their entries.
Each day's races will commence promptly at one o'clock P. M.
All entries must be directed to C. H. Stoddard, Secretary, Reno, Nevada.
The Ormsby County District Fair, at Carson City, begins September 24th and ends September 26th. Six days' racing; gives \$7,500 in purses and premiums; for particulars address J. D. Correyson, Secretary, Carson City.
The Humboldt County District Fair begins October 2d, and ends October 6th. Four days' racing; gives \$3,500 in purses and premiums; for particulars address Alex. Wis. Secretary, Winnemucca, Nevada.
The State Agricultural Society built a new track, located half a mile from town, on the spot being of such a character as to make it one of the best on the Pacific Coast.
THEO. WINTERS, President.
G. H. Stoddard, Secretary.

(Short Term.)
E. T. GEORGE, of Lander.

PLATFORM AND RESOLUTIONS.
The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century.
Resolved, That the question of a sufficient supply of a circulating medium to maintain permanent range of the price of labor and property is the most important political question awaiting solution by the American people.
Resolved, That a diminishing quantity of money reduces the price of labor and property increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise.
Resolved, That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National banks, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people oppressive, unjust, and should be repudiated.
Resolved, That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or both, as convenience may require, is imperatively demanded.
Resolved, That the attempt to substitute National bank notes, costing the Government millions of dollars annually, for free silver, costing nothing, is an outrage upon the people; that the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently demonetized silver and seized the revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people.
Resolved, That we charge that President Cleveland is the willing tool or agent of a powerful money ring which fattens the subsidies of the Government, makes war on silver, issues its paper currency at the expense of the Government, borrows the revenues raised by taxation, and uses them without the payment of interest, contracts the currency to enhance the value of bonds, and enriches the users while it depresses the price of labor and property.
Resolved, That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, but we demand a candidate who is true to justice to all the people of the country—the poor as well as the rich.
Resolved, That the trickery of the President and his advisers by which they prevented a vote in the House of Representatives on the Beck silver amendment to the bond purchasing bill, equal to the withdrawal of the secured and fraudulent demonetization of silver in 1873.
II
Resolved, That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the wages of competition with the cheap labor of other lands.
Resolved, That the policy of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, either as agent or head, is most active in defending.
III
Resolved, That we charge President Cleveland with violating every promise he made in favor of civil service reform, with crippling the mail services, with refusing to sign necessary bills for the improvement of rivers and harbors, with using the power of his Administration to prevent appropriations for a navy and coast defense, with attempting to destroy the protective tariff, with courting the good will of other nations at the expense of the citizens of the United States, and with joining the foreign bondholders to demonetize silver and destroy the industries of our country, and for the reduction of wages of the mine employees at Carson, for closing the Carson Mint when it was not only self-sustaining but a source of revenue to the Government, for its contemptuous veto of pension bills for the relief of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required.
IV
We are in favor of the absolute exclusion of Chinese, and the restriction of immigration, by which the present overcharged condition of the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished.
V
We demand, in behalf of our various industries, the retention of the duties on lead, borax, soda, hides and leather, and to restore the tariff of 1867 on wool.
VI
Resolved, That we recognize the right of labor to organize for its lawful protection.
VII
Resolved, That we favor the submission by the Legislature to the people of an amendment to the Constitution giving the Legislature the power to regulate the liquor traffic.
VIII
We favor liberal appropriations by Congress for hydrographical and topographical surveys in this State to the end that the water courses may be preserved for the purpose of irrigation.
IX
We endorse the wise and conservative administration of Governor C. C. Stevenson, and we heartily commend the able efforts of Senators Stewart and Jones and Representative Woodburn in behalf of the interests of the people of this State.
X
We favor the granting to Nevada of all Government land within the State for the purpose of providing means for irrigation and other improvements.
XI
We favor the reduction of the Treasury surplus by the payment of pensions to Union soldiers, their widows and orphans, the improvement of rivers and harbors, the building of public buildings, the creation of a navy, the purchase of bonds and the repeal of the internal revenue laws taxing tobacco.
XII
It is the duty of the State to maintain free non-sectarian schools in the rural and sparsely settled districts as well as in towns and thickly settled sections, and that such a division of the school money should be made as will furnish the means of education to all children in the State.
XIII
We are in favor of re-opening the Carson Mint for coinage and raising the wages of its employees to the standard paid by the last Republican Administration.
XIV
We demand the restoration of the mail service in this State to the efficiency maintained by the last Republican Administration, and favor the payment of fair wages to all postal employees.

250 Beautiful Lots For Sale!

A RARE CHANCE FOR INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule. Facilities for irrigating surpass any in the State, and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools. The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.
